**PROTECTIVE CUSTODY:** To ensure your safety, as well as the safety and security of the facility, if you are charged with a sexual offense involving a minor, you will be placed in a protective custody or a segregation cell.

If you meet the following criteria, you will be offered protective custody:

You are also responsible for providing the classification officer with specific information needed to verify the conflict. The main purposes of this act are to establish a zero-tolerance standard for rapes in prison: make the prevention of prison rape a top priority; and to develop national standards for the detection, prevention, reduction, and punishment of prison rape.

If you are assaulted, immediately report the assault to a staff member. You will be separated from the assaultive inmate and medical attention will be given.
